HISTORY

A bill was introduced and passed by the General Assembly in the legislative session of 1871, in conformity to the Normal School Act of 1857, confirming the establishment of a State Normal School in the ninth Normal School District, and the first building was completed and opened for students on May 17, 1875. This building, named John Sutton Hall in honor of the first president of the Board of Trustees, still in use, is in excellent condition. The steady growth of the school has caused a continuous expansion in its building program, which includes a proposed, and long awaited for, men's dormitory.

Many new buildings have followed that edifice of tradition — John Sutton Hall. The size and natural beauty of the college campus offers ample opportunity for recreation in an environment wholly conducive to personal enjoyment. In 1913, at a cost of \$100,000, the power plant was built. This enables the college to furnish its own power, heat, light, and hot and cold water. The College Lodge, located a few miles from Indiana, is surrounded by 100 acres of wooded hillside. This offers not only opportunity for nature study by science and conservation classes, but provides an ideal setting for a large part of the college's social activities.

In April, 1920, entire control and ownership of the school passed to the Commonwealth of

Pennsylvania. In May, 1927, by authority of the General Assembly, the State Normal School became a college with the right to grant degrees. The name was then changed to the State Teachers College at Indiana, Pennsylvania.

All curricula are four years in length and all lead to the degree of Bachelor of Science in Education and the Provisional College Certificate in the field of the student's selection. The college is an approved and fully accredited member of the Middle States Association of Colleges and Secondary Schools and of the American Association of Colleges for Teacher Education, the two acknowledged accrediting agencies for institutions in this region. The fact that this college is a member of these two organizations is of immediate personal importance to the individual student in two ways: first, the student may transfer college credits from one approved institution to another without loss in case he finds it necessary to change colleges; and second, the student who is a graduate of an approved institution is eligible for a better teaching position in any of the secondary schools.

The enrollment at Indiana has increased from 328 students in that first term of 1875 to its present enrollment which nears the 1550 mark.

The history of the State Teachers College at Indiana, Pennsylvania, is the history of the accomplishments and sincere efforts of its founders, its administrators, its faculty and its students.

ALMA MATER

To our noble Alma Mater's name
We, her children, sing a joyful lay,
And to her a new allegiance pledge,
That lives beyond a day.

A prayer for her who sheltered us,
A hope no child her name will stain,
A cheer thrice giv'n with hearty voice.
And now the sweet refrain.

Of loyalty are symbols twain,
Her colors, crimson and the gray,
"Dear Indiana Mother Fair,"
The burden of our lay.

(Refrain)

Sing, O, sing! Our Alma Mater's praise
Hail, O, hail! her color's gleaming hue!
Give to her our homage and our love
And to her name be true.

Words and music by
Mrs. Hamlin E. Cogswell

GREETINGS

On behalf of the faculty may I extend to you a most cordial welcome to the Indiana State Teachers College. Those of you who will matriculate at Indiana for the first time will find here an institution rich in tradition and, we trust, forward-looking in its point of view.

Indiana has long been recognized as an institution of high standards of excellence. The maintenance of these standards places upon its students responsibilities which accompany such goals. When you have completed your work here, I am sure you will be proud of the institution which will be your Alma Mater.

The staff at Indiana is committed to a program which seeks to develop desirable staff-student relationships and which affords students every opportunity to develop the kind of co-operative leadership needed in our public schools.

We wish for you a happy and profitable experience during your stay here.

Sincerely yours,

Willis E. Pratt
President

ALUMNI ASSOCIATION

Thirteen thousand students from its various curricula have graduated from Indiana State Teachers College since its opening in 1875. Approximately 3,500 degrees have been granted since the Normal School became a college in 1927. The support of these alumni is an important factor in the consistent growth of the organization.

Alumni Associations are functioning in many parts of the country and are making valuable contributions to the college. Noteworthy among these is the Jane E. Leonard Memorial Loan Fund which lends money to worthy Juniors or Seniors.

One of the biggest projects ever attempted

by the Association was the drive to raise money for a pipe organ in the auditorium. The drive was successfully completed in 1945, officially presented to Dr. Pratt, and has now been installed in Fisher Auditorium.

Special projects of the Association include (1) redecorating and refurnishing East Parlor as a memorial for those who served in World War II; (2) publishing the Alumni News Letter; (3) publishing two Alumni Bulletins each year until funds permit an Alumni Quarterly.

Indiana has an alumni office equipped by the General Alumni Association. The president is Mrs. Flossie Wagner Sanford of Verona, Pennsylvania. Alumni are especially prominent on Indiana's campus on Homecoming and Alumni Days, both of which are sponsored jointly each year by the college and the association.

VETERAN INFORMATION

(Veteran's Counselor: L. H. Schnell)

The office of the Veteran's Counselor is not a Veteran's Administrative office. It is established by the College to prepare the necessary papers which enter a veteran into training. When enrollment forms are submitted to Veteran's Administration, the veteran is placed on the subsistence payroll and the college is entitled to receive payment for fees, textbooks and special supplies. In addition to entrance forms, many records are maintained to serve as a basis for required reports to Veteran's Administration. Whenever a report from a veteran is needed,

it is imperative that he submit it promptly so that his status with Veteran's Administration will not be changed.

In addition to the formal paper work and reports to Veteran's Administration, the Veteran's Counselor extends many courtesy services to veterans enrolled at Indiana. In the event that a veteran has any problem involving his status under the "G. I. Bill," he should see the Veteran's Counselor for suggestions or assistance.

A mimeographed booklet giving regulations governing veterans attending college under the "G. I. Bill" is available. Veterans who did not secure one at the time of registration should secure one at the office of the Veteran's Counselor. Veterans are responsible for complying with regulations, and in many instances failure to do so leads to loss of entitlement or cash benefits.

It is important to note that whenever a veteran is absent more than three days, or suspends or interrupts his training, he must contact the Veteran's Counselor promptly.

The Keith School, located on the campus, is housed in a modern building which includes a primary, elementary, and a junior high school department. In all departments teaching facilities are provided for Art, Music, and Home-Making under special supervisors of those subjects. In the junior high provisions are made for Business Education, Latin, French, and Spanish. The school has a fine gymnasium, an excellent library, and a well-equipped shop.

The Library — The main desk on the first floor of Wilson Hall Library is the center of library activities. The Periodical Room, the Reserved Reading Room, the Curriculum Materials Room, and the Pennsylvania Historical Room make up the remainder of the first floor of the library.

On the second floor are the large, well-lighted reading rooms filled with books accessible to the students. Many other volumes are kept in stacks in the basement.

With the exception of a few books, which are reserved for special purposes, all books circulate for two weeks. Unbound periodicals circulate for one day.

Members of the library staff are glad to give help to students at any time.

Hours

7:45-5:00; 7:30-9:30 — Monday through Friday.

7:45-5:00 — Saturday

2:30-5:00 — Sunday

Testing Program for Freshman and Other New Students — All new students except those transferring two years' credit are required to take a series of tests during the first few weeks of school. The program includes a psychological examination; tests in English, reading, social studies, natural science and mathematics; and personality and interest inventories. These tests are for measuring a student's background in these fields, and for classification and guidance. The results of the tests are made known to the students through their advisers.

Freshman Week — The first three days of the first semester have been set aside as "Freshman Week." During these days new students will complete their registration, secure their programs, and take health examinations and standard tests. Other activities will include a get-acquainted party, a convocation, and movies. Orientation helps will include social conferences, counseling, library service, and reports of health examinations.

Freshman Customs, observed during the first month of school, are sponsored by the Student Council working through the Sophomore Class. Faculty advisers are Dr. Dorcas Hall and Mr. W. M. Whitmyre. At a Freshman Class meeting, soon after the beginning of the semester, the program of customs is discussed.

Transfer of Credits — Credit will be given students transferring from other accredited colleges in so far as these credits will fit into the curriculum chosen by the student in this college. No credit can be approved for any course in which the grade received was the lowest passing grade in the school in which the work was taken.

Grading system for the Student:

Explanation of grades:

"A" indicates an excellent grade of work.

"B" indicates a good grade of work.

"C" indicates a fairly satisfactory grade of work.

"D" indicates a low grade of passing work.

"F" indicates a failure and no credit shall be given for the course so marked until it has been repeated in the regular way.

"I" is given to students who, because of absence or other entirely satisfactory reason, have been unable to complete the required work, but who have been doing in general a satisfactory type of work. This mark must be removed within one month of regular school time or it becomes a failure. Upon completing the required work, the student may receive any mark to which the teacher feels he is entitled. "W" indicates that a student has withdrawn from a course.

Quality Points

A system of Quality Points has been established as follows:

(1) There are required for graduation a number of quality points equal to the number of semester hours of credit required in the course being pursued.

(2) An "A" mark gives three (3) quality points for each semester hour of credit so marked; a "B" mark gives two (2) quality points for each semester hour of credit so marked; a "C" mark gives one (1) quality point for each semester hour of credit so marked; and a "D" mark gives no (0) quality points.

Purpose of Quality Points:

In general a "C" average, that is, one quality point for each semester hour of credit is the minimum requirement for eligibility for

A. An office in a student organization.

B. Participation in activities representing the college in public.

C. Membership in sorority or fraternity.

D. Junior Standing.

E. Student Teaching.

Advisory System—Each student has frequent contact with a faculty adviser, who assists him with his program and advises him in curricular, scholastic and personal problems. One hour each week is definitely set aside for group advisory meetings and conferences. Each upperclass student has an adviser in the field of his major interest.

Absence and Tardiness — In case of absence or tardiness the student will fill out a blank and present it to the teacher for admission to the class.

The teacher will pass judgment on the merits of the excuse and handle the matter accordingly.

The blanks will be available at places where needed.

This plan puts the responsibility first upon the student, second upon the teacher, and third upon the Dean of Instruction, who may in turn furnish the adviser and the Dean of Men or the Dean of Women with whatever information is necessary for a follow-up.

Whenever a teacher feels that any student has been absent or tardy to an extent that might endanger scholastic standing, the teacher will report the fact promptly to the office of the Dean of Instruction.

Eligibility for Student Teaching—No student will be permitted to do student teaching unless he holds a certificate of Junior Standing with a "C" average.

Student teaching in the summer session is restricted to those who have had previous student teaching in this school or several years of actual teaching experience. Application to do student teaching during the summer session should be made before May 1.

Junior Standing—Formal admission to Junior standing is a requisite for continuing the program in teacher education. This marks the time when the professional work is intensified. Fourth semester students will make application for admission to Junior Standing for which they are required to meet the following qualifications:

1. The scholastic record must be "C" average or better for the first two years' work.

2. A "C" average must be attained in English courses or a satisfactory score made on the Sophomore English Test.

3. Adequate background as measured by the Sophomore Tests (December or March) in English, General Culture, and Contemporary Affairs must be shown. Students who rank low in two of the three tests or who have an average percentile rank below 31 will be required to take an additional three-hour course and to repeat the Sophomore Tests.

4. A personality that is satisfactory for a

teacher must be in evidence. Reports of six or seven members of the faculty form the basis for evaluating this factor.

5. Evidence of physical stamina and freedom from physical defects that may interfere with the duties of a teacher must be presented.

6. The voice must be pleasing and free from objectionable qualities.

7. A well-balanced record of extra-curricular activities must have been developed.

8. The student shall meet the specific requirements of his curriculum as prescribed for the first two years.

Students who fail to meet the above requirements will be given one semester plus summer sessions to make them up. Students who fail to clear their deficiencies at the time of their second application will be denied further professional training leading to certification until the deficiency is made up.

Credentials will be examined by the committee on Professional Standards and decisions will be reached on the basis of all evidence available.

Placement Service — The services of the Placement Bureau are available to all students who are certified to teach. The directors of the various departments take an active interest in the placement of their graduates. Co-ordination of effort is secured through a central committee. Although teaching positions are not guaranteed by the college, Indiana's record of placement is one of the very best in Pennsylvania.

The Placement Bureau, with offices in the Keith School, is under the supervision of Mr. John E. Davis.

The College Infirmary is located at 406 South 11th Street, across the street from the rear of the auditorium. General operational policies are as follows:

Infirmary hours are for the care of conditions which do not come under the head of emergencies. Emergencies are cared for at any time. These include fractures, sprains, faints, cuts, indigestion and dysmenorrhea.

Reporting to the infirmary before a class is missed is necessary if an excuse is desired. House students as well as dormitory students should report to the infirmary when ill so as to have medical attention as soon as possible. Students should not go to classes with heavy colds. They are likely to extend their own illnesses and endanger others.

The nurses should not be called to the student's room unless the seriousness of the student makes the call to the infirmary inadvisable.

Ill persons who are sick enough to require a bed in the infirmary need quiet and rest for recovery. If the patient's condition permits, he may have visitors from 4 to 5 p.m. Not more than two visitors per patient should be permitted at one time.

After girls' dormitories close for the night women students will call the Dean of Women in case of illness rather than call the college infirmary directly.

Any student, campus or off campus, may consult with the college physician. The physician and nurses are responsible for the physical condition of the student body. Students are asked to call at the infirmary before visiting a doctor or dentist in town so that a complete health record may be kept. Advice is given and an appointment is made for the student. A printed form is given to the student for the doctor or dentist's signature, which on return is signed by the nurse on duty and a report is recorded. The slip then goes to the Dean of Women's office for her records.

There is no charge for the services at the infirmary. The ordinary medications are provided. The students pay for special medications and prescriptions.

There is no charge for the house and dormitory students' care at the infirmary until after the third consecutive day. Then the charge of \$1.00 per day is made. Off campus students are charged at the rate of \$2.00 per day from the beginning.

If students become ill at home during a vacation or a weekend, they should not return until ready to go to classes. Illnesses are aggravated by travel. If a physician has been in attendance, the student should bring a statement to the infirmary stating the diagnosis. We want to be assured the student has had nothing contagious.

Infirmary Hours: 7:30 - 8:30 a.m.
 10:30 - 11:30 a.m.
 1:00 - 2:00 p.m.
 6:30 - 7:30 p.m.

Visiting Hours:

College Physician:

Office Hour (except Sunday) 10:30 a. m. to

The Student Bank — A department of the Cooperative Association known as the Student Bank is operated in the office of the College Bookstore. Students receiving money from home and not wishing to take the risk of carrying sums of money on their persons or leaving it in their rooms may deposit it in the bank, withdrawing it as needed by the issuance of a check.

To help defray the expense of insurance, etc., a nominal charge is made for this service. Students are urged by the faculty and administration of the college to use this service as a precaution against loss.

The Students' Central Treasury serves the purpose of a bank for student organizations, making available on the College campus all services, necessary business papers, and standardized procedures for the administration of extra-curricular finances. The office is under the supervision of John Lingenfelter, Cooperative Treasurer, who is directly responsible to the President.

Services of the Students' Central Treasury include installation of accounting records, uniform continuation between business officers and their successors, systematic methods for handling money, and general assistance to organization officials in keeping their financial activities on a sound business basis.

Organization treasurers are required to write receipts in duplicate for all dues, fees, assessments, etc., which they collect or receive. They give the original copy of the receipt to the person from whom the money is received and retain the duplicate copy.

All disbursements are paid by check, typed in duplicate by the Central Treasurer upon submission of treasury orders by organization treasurers. The Central Treasury retains the carbon copy of the check, countersigns the original and returns it to the organization's treasurer who then obtains the sponsor's signature.

From handling the vouchers, evidencing receipts and disbursements, organization treasurers gain valuable experience in cash routines as well as in keeping a simplified cash book.

The Bookstore carries all the textbooks used in the various classes. The management of the Bookstore on a cooperative student basis, is directed through the Student Cooperative Association. Classroom accessories are available at nominal prices. Gym clothing, regulation tank suits, and college jewelry also may be obtained. The Bookstore is open from 8:00 a.m. to 5:00 p.m. daily except Saturday, when it closes at noon.

The College Post Office is located on the ground floor of John Sutton Hall in the rear of the Bookstore. This is the branch of the City Post Office and is open each week-day. Students can mail and receive packages through the College Post Office.

The Telephone Office is located on the first floor of John Sutton Hall. Addresses of the faculty members as well as the names and room numbers of the students may be obtained there. Telegrams and telephone messages are received at this office and delivered immediately. Telephone pay stations are available in John Sutton Hall, the Men's Lounge and Clark Hall.

Lost and Found — Students should report immediately to the custodian of the building the loss of property. Articles found should be handed to the Dean of Men or to the Dean of Women or turned in at the switchboard.

The Den — A smoking room for girls on the ground floor of John Sutton Hall is open daily until 10:00 p.m. except during the evening study hour. This room is maintained and managed by the students who use it.

Men calling for Women Students are requested to wait in one of the social rooms in order to keep entrance halls clear.

Coat Rooms adjoin Recreation Hall. Students are requested to hang wraps there in order to keep rooms in orderly condition.

Commuters Lounge — For the use of non-resident women there are study, rest, and lunch rooms in John Sutton Hall.

Lounges are open for student use daily until 7:30, except Friday and Saturday when they are open until 11:00, and Sunday until 10:00. When women students take an evening privilege, Monday through Thursday, North, East, and South parlors may be used. At all times students are expected to exercise good taste in conduct.

Social Rooms — Rooms are provided in John Sutton Hall for recreation and visiting. At 7:30 on study evenings the social rooms are closed except to women students who have indicated on the list that they are taking their social privileges.

College Convocations are held weekly in the Auditorium on Tuesday at 10:00 a.m. At this time the College presents the best available speakers, artists and musicians. Students are required to attend these assemblies. If they absent themselves excessively they may be required to earn additional hours for graduation. The Daily Bulletin and the Indiana Penn carry announcements about all convocations.

Radio Broadcasting continues as an established activity of the college. The programs originate at Station WDAD.

These broadcasts provide entertainment for families and schools in the listening area covered by the local station, and furnish practical laboratory experience for the students taking part. The broadcasts usually are the results of the courses in radio, which embrace microphone techniques, radio acting, and all phases of production.

The Speech Clinic, located on the ground floor of Leonard Hall, is designed to help students improve their speech. Those who fail to pass any part of the oral performance tests of the entrance speech examinations are given probationary rating; therapy is instituted by the clinician to help such students overcome their difficulties.

In addition, the speech clinic is open to any student who desires speech improvement. Clinic hours are posted at the beginning of each semester and all students are welcome to avail themselves of this service. All conferences are in groups.

The Psycho-Educational Bureau is located on the ground floor of the Library, Wilson Hall. Counseling and testing is available for any college student who feels that he needs help with an academic or personal problem. Students need only report to the Bureau and ask for an appointment with any member of the staff. All conferences are entirely confidential. It is the desire of the staff of the Psycho-Educational Bureau that its facilities be used at any time by any individual who feels that he needs help in his efforts toward personal adjustment and happiness.

Fire Drill Regulations — A fire drill, required by state regulations, is observed one day each month by all college personnel. Fire drill directions are posted in each hall of the college buildings. Students are expected to act promptly according to directions. Students should become

acquainted with the proper exit from any location in the buildings on the campus.

A student should be appointed in each class to open and wedge the door when the alarm rings.

Teachers should be the last out of the room and should be sure that all windows and doors are closed upon leaving. Lights should be left on.

Students should leave the building as rapidly as possible and keep moving until they are at least 50 feet from the exit.

Teachers are urged to leave the building and to assist by keeping all exits cleared and by asking students to keep moving until they are 50 feet from the building.

Teachers in rooms where there are fire escapes are responsible for having doors leading to the fire escapes open and blocked open immediately when the alarm sounds. The teachers in charge of the Chemistry Laboratory are responsible for the doors to the fire escape adjacent to the Laboratory.

It is an important duty of the Fire Chief in each building to see that all external fire escapes and other exits are not made impassable by snow, ice, debris, etc., and are in good working order.

The College Lodge plays an important part in the instructional and recreational life of Indiana. Owned by students and faculty, this 100 acres of wooded hillside, with its rustic lodge and three shelter houses, not only offers opportunity for classes to study nature and conserva-

tion, but is in demand for picnics, meetings, and winter sports.

Organizations are invited to use these facilities.

All arrangements for the use of the Lodge must be made through the office of the Dean of Women.

Groups Eligible to Use Lodge:

1. Any student group (social, educational, etc.) with a faculty advisor.
2. Alumni — any organized unit or group.
3. Faculty — as an organized group, as a group with faculty predominating and as a family group.
4. Students with their families may be permitted to use outside shelters on occasion, if arrangements have been made and a permit granted.

Conditions for Use of Lodge:

1. Permit card must be presented to the caretaker whenever shelters or lodge buildings are used.
2. Reservations must be made in advance with the office of Dean of Women that the caretaker may be notified of any necessary preparation.
3. Permit card must be obtained in the office of the Dean of Women.
4. Caretaker is held responsible for enforcing regulations for use of lodge property, and those using the property are responsible to him for its use.

5. Anyone on the property at any time must be ready to identify himself at the request of the caretaker ("I" card).
6. In order to discourage outsiders, a chain will be placed across the road during the night unless there is a reservation for the evening.

Board of Directors:

President of the College
Dean of Women
Director of Keith School
President of the Senior Class
President of the Junior Class

College Government

**ASSOCIATED STUDENT
GOVERNMENTS
of the
STATE TEACHERS COLLEGES
OF PENNSYLVANIA**

The Student Council of Indiana is a member of the Associated Student Governments of the State Teachers Colleges of Pennsylvania. The purposes of this organization are: to promote a high degree of cooperation among the students, faculties, and administrations of the member Colleges; to promote the development of more democratic student governments in those Colleges; and to provide for the unification of action through the Association.

STUDENT GOVERNMENT

Student Council — Student Government has been functioning under the recommendations of a Student Participation Committee composed of five faculty and six student members. During the war and post-war period, considerable machinery has been added to the functioning of student council. Students today are represented on most of the policy forming committees of the college. Indiana today has a democratic form of government.

Representatives to Student Council are elected from the various departments — at present, one representative for every one hundred members — and the presidents of the various classes,

the Resident Women's League, the Non-Resident Women's League, and representatives from the men students on campus.

WOMEN'S FRATERNITIES

Things you should know about fraternities

I. What is a fraternity?

Fraternity comes from the Latin word meaning "brother." A fraternity is a social organization with both local and national affiliations. All fraternities in class "A" teachers colleges belong to the National Pan-Hellenic Conference.

II. Who may belong to a fraternity?

A. Membership is by invitation. Any woman in regular attendance at Indiana is eligible. It is hoped that any girl who wants to belong to a fraternity may do so.

1. Upper-class women may be considered at any time.
2. Transfer students may be considered at any time after one quarter.
3. Freshmen may be considered at the time of preferential bidding in the third week

of November or at any time thereafter. Initiation may come at the beginning of the second semester, or after the completion of one semester's work.

- B. There are two requirements for membership: character and scholastic ability.
 - 1. All freshmen women are eligible the first semester. Any student not a freshman must have an average of sixteen hours per semester with a "C" average and no failures.
 - 2. To be eligible for membership, a woman must be socially approved by the Dean of Women.
 - 3. A woman who has broken her pledge to one of the N.P.C. fraternities may not be invited to join another for one calendar year from the date of her release.

III. What is rushing?

- A. Rushing is a slang term which merely means getting acquainted.
- B. Methods approved: free association between fraternity and non-fraternity women in such normal relationships as eating together in the dining room, double-dating, shopping, attending movies or school functions.
- C. Methods not approved: paying for meals or treats, giving gifts, borrowing or lending money, the entertaining of potential pledges by fraternity women in their homes or rooms, or vice versa.

IV. What do fraternities do for freshmen:

- A. A round table discussion is sponsored early each school year by the Pan-hellenic Association. All new students are invited to attend. Members of the fraternities discuss the values, purposes, and costs of fraternity membership.
- B. A formal rush party is held by each fraternity during the early part of November. No freshman or transfer student may attend more than two such parties. Adjustments are made by the Registrar for the student who receives more than two invitations.

Pan-hellenic Council

The Pan-hellenic Council is composed of three representatives from each fraternity. Its purpose is to uphold the scholastic standards of the college and to regulate and correlate the activities of all the women's fraternities.

The Indiana Penn is the weekly campus newspaper written and managed by students. It is an uncensored college paper. It provides opportunities for any student interested in writing to gain experience. Members of the staff are chosen for their genuine interest, ability, experience, and willingness to devote the time and energy required to publish a superior newspaper.

Staff members are chosen at the organizational meeting held early in each semester, except for the top three executive positions, which are elected by the Student Council.

Editor	Sam Chirman
News Editor	Carolyn Ghrist
Business Manager	Thomas C. Miller
Feature Editor	Mary Ellen Newman
Sports Editor	Ed Teichert
Consultant	Mr. Arthur F. Nicholson

The Oak is the college yearbook, a written and pictorial review of the year's activities, published annually with funds from the Student Cooperative Association and printing and engraving fees from advertisers, organizations, etc. The yearbook is given to all students who have paid the activity fee for two semesters. A student leaving at mid-semester may obtain a copy by paying \$1.50 and the mailing fees; anyone entering at mid-year will receive a copy by paying the fee to the Business Manager of the Oak.

Staff positions are filled by selection from a list of applicants submitted to the advisor, retiring Editor and Business Manager. These appointments are subject to the approval of the Student Council of the college.

The Cue — "Some books are to be tasted, others to be swallowed, and some few to be chewed and digested." The **Cue**, your handbook, is one of the books to be chewed and digested, if your life at Indiana is to be successful and happy.

The Daily Bulletin is issued every day by the administration. To have a notice printed, it must be signed by a member of the faculty and deposited at the switchboard before 4:00 p.m. on the day previous to publication. Notices must be clear, concise and of concern to a large portion of the student body. Every student should make it a habit to read it each day.

The Teachers College Bulletin is published four times a year, twice as a college catalogue and twice as an educational bulletin.

Activities Calendar — A calendar of college events, activities, and social events is kept in the Office of the Dean of Women. However, at the beginning of each month, a schedule of events is made available to students by being posted on the Bulletin Board. Students are requested to fill in the Activities Calendar in the

back of the Handbook for their own convenience.

Posters — Because of the many events on the campus, and the small amount of available poster space, it is necessary to regulate the number and size of advertising posters in John Sutton Hall. They should not be larger than 14 x 22 inches. Only one poster is permitted for an event. All posters should be approved at the switchboard before being placed on bulletin board at north entrance to John Sutton Hall. Posters should be removed immediately following the activity.

Student Aid Office — Students who need employment to defray part of their expenses should contact Mr. Schnell who is Director of Student Aid. Obviously, employment cannot be promised. However a file of available work is maintained, as well as a file of available students. All employment on campus, as well as employment in town is cleared through this office.

Director Mr. Leroy H. Schnell

Student Union is operated in the basement of Thomas Sutton Hall by the Cooperative Association and provides a spot for student relaxation. Card games and dancing are available and light refreshments may be purchased in the foyer. The hours during which the Student Union is open will be announced later.

ATHLETIC REGULATIONS

In March of 1947, at a joint meeting of the athletic directors of the State Colleges and the Athletic Committee of the Board of Presidents of the State Teachers Colleges, it was decided to revise the present athletic regulations in these institutions. Following are excerpts from the revised regulations:

Section 1. The president of each college shall be responsible for its athletics. He or his authorized representatives shall accompany any team which represents the college in any athletic contest.

Section 2. No student who has completed the number of credits required for graduation in his curriculum, or has been in attendance for more years than there are in his curriculum, or who is not maintaining a passing grade in at least twelve (12) semester hours of work, shall be eligible to compete in any contest.

Section 3. A student to be eligible must have secured a passing grade in at least twelve (12) semester hours of work during the nine weeks preceding each respective sport. A student who attends summer school and carries the equivalent of one-half a regular semester's work (9 weeks and 8 hours of work or more) shall be considered for eligibility on the same basis as for the preceding nine weeks of attendance if the work is done at the same college. In all cases exclusion from teams shall be for

a period equal to the period covered by the report.

Section 4. No student who, while in college is competing under a false name or is receiving money or other valuable consideration, either directly or indirectly, for competing in athletic contests, is eligible to take part in any contest in that sport during that session.

Section 5. No member of a college team shall be permitted to engage in athletic activity or on any other team in the same sport during the playing season in which he is participating on a team representing the college.

Section 7. No student transferring from any four-year institution of collegiate rank, except from a regularly accredited junior college, to a State Teachers College shall be eligible for any inter-collegiate competition until after a 36 weeks' residence. Where one year intervenes between attendance at an institution of collegiate rank and matriculation in a State Teachers College, a student so enrolled is not to be considered as a transfer and shall be eligible for participation in athletics.

Section 8. The student who trains at a training camp with a college before the football season opens but who does not register at the college is eligible to enter a teachers college and play that season.

Section 10. A teachers college varsity team may compete only with teams representing a

four year degree granting institution either in a practice or scheduled game.

Section 11. These regulations shall apply in all inter-collegiate contests.

ATHLETIC AWARD SYSTEM

The Athletic Awards at Indiana include the Varsity "I," emblmed sweaters and gold basketballs, footballs, etc. In order to achieve these awards certain requirements have been established.

For the letter, the Varsity "I", which is awarded in baseball, basketball, football, track, tennis, boxing, golf and wrestling, one must have participated in at least half of the games and must have the recommendation of the coach.

The sweaters are presented to those players who have won their second "I" with the condition that that letter was won the second time been faithful in attending practice. Also, he in the same sport.

The service awards, the gold balls, are given to an athlete who is a senior and who has been on the varsity squad, has participated on that squad for three years, and during that time has must have earned at least one letter by participating in half or more of the games.

Also, rewards are set up for team managers, cheerleaders, and the Indiana Indian. At the end

of the first year of service, each receives numerals, at the end of the second year the Varsity "I", and at the end of the third year, the jacket.

Schedules for the varsity sports of tennis, baseball, swimming, and golf were not complete at the time of printing and are therefore omitted from the handbook.

INTRAMURAL SPORTS

There is an outlet for any desirous individual in the varied varsity and intramural athletic program, which has been redesigned and reorganized to fit the needs of the present day curriculum.

A student is urged to participate in those of the many activities for which he is best physically fit and which best fit his needs. Although many of the students are physically unable to compete in some of the more strenuous activities, there are still many choices always open in the Intramural Program. Usually a careful study is made of one's physical condition and needs and is supplemented by the advice of a leader in the field, enabling one to be in a position to make a wise choice from the activities offered.

The chief aims of the Intramural sports program as devised at Indiana are as follows.

1. To encourage athletics for present enjoyment and improvement of health.
2. To teach and train students in athletic activities in which they can participate after school life as a profitable use of leisure time.
3. To develop habits of good sportsmanship and fair play.
4. To furnish a knowledge of the rules and skills required and to prepare students to organize and promote Intramural sports in the public schools.

Spirit of Indiana

On! On! On! On to victory,

Everyone expects to see you win today.
Fight to win! "Play the game Square!"

Always for your Alma Mater do and dare
Now then go! Give them not a show,

You have skill and daring, that we know,
For not only will you score, but will add a few
points more.

Just to show them how we do at Indiana.

Indiana, don't you hear our cheer?

That you'll honor us we have on fear.
See your pennant floating o'er the field!

Unto foemen you will never yield.
You will hear us as we shout and sing,

With your praises will the welkin ring
Other teams will know their fate,

When they meet the "Red and Slate."
It's the way we always do at Indiana.

Victory! Victory! Victory!

With your faces ever towards the foe,
Victory! Victory! Victory!

Pressing forward down the field we go!
Victory! Victory! Victory!

Every man is finding every play,
For 'tis written on your shield,

"Unto foemen never yield."

We will always do our best for Indiana.
